No saved notes.

Client Instructions

- Required Photos
- Include date stamp, measurement photo, all 4 corners, VIN, mileage, license plate, and all damage.
- Labor Rates
- Standard rates: \$65 labor and \$40 P&M.
- Mechanical labor may be negotiated with a concession at the shop. Document: shop has a dedicated technician for all service work - negotiated labor for an AP.
- Do not change the labor rate itself. Use a line item adjustment instead.
- An RMC may be negotiated using the guide and a copy should be attached.
- Massachusetts rates apply for claim numbers starting with 15 or for Massachusetts-registered vehicles: \$40 frame, \$50 mechanical, \$40 P&M, \$20 tax. Tax is 6.25% on parts and P&M only, not labor.
- Parts Usage
- If the vehicle is not at a shop, or no shop of choice is known, use the most cost-effective part listed in CCC.
- If the vehicle is at a shop, or you know it is going to a shop, use Keystone CAPA parts and document that parts were negotiated for agreed price.
- No reconditioned headlights.
- LKQ parts are acceptable.
- Use Jasper Engines or ETE reman when appropriate.
- Borderline / Total Loss Procedures
- For every borderline total loss, the first line of the estimate should state: Please perform a MAXIMUM 2 hour tear down and DO NOT ORDER PARTS Then contact appraiser for supplement inspection.
- At 50%, perform tear down to determine if the vehicle is a total loss, especially at difficult shops or where large supplements are possible.
- Complete the Mitchell form.
- Use ACV equal to Copart salvage value when possible. When in doubt, total it out.
- Scans and Betterment
- Scans: may allow 1.0 mechanical on an original estimate at a shop, or 0.5 on the street at body rate. A sublet may be paid on a supplement with printouts and invoice.
- Betterment on engines and transmissions starts after 200,000 miles.
- Betterment on wearable items is allowed for claimants only, not insureds.
- Other Notes
- Use PDR for hail claims.
- Send any non-agreed estimates to the claim representative.
- Supervisor
- Local CT supervisor: Mike Flanagan, 857-383-9269
